## Topic

History - The great fire of London  
Geography - Water, Weather and Climate

## English

House held up by trees by Ted Koser

## RE

What is the 'good news' Christians believe Jesus brings?  
What makes some places sacred to believe?

## Computing

Making music (creating media)  
Programming quizzes

## Music

We are following the Voices curriculum and using our singing voices to develop our understanding of pitch, rhythm and tempo.

## Art and Design

Drawing and shading in 3D  
Creating nature collages  
Cooking and Nutrition

## PE

Real PE - Physical and health and fitness.

Cricket  
Dance

## Spelling/Phonics

Children will be following the no nonsense spelling scheme to develop their phonetical and spelling knowledge.

## Supporting your child's learning at home

### Class Dojo

Please make sure you are connected and check in regularly to our class dojo page. I will be sharing the children's work regularly so that you can see what we have been learning and update you on any notices across the term.

### English

Whenever possible encourage your child to be writing independently at home, such as shopping lists, weekly menus or keeping a journal. In Key Stage One children are beginning to form joins in their writing and in key Stage 2 children are expected to form and join all their letters correctly and legibly and to be able to write for sustained periods of time. Practising at home will improve their confidence and fluency of writing and will give them a good grounding for writing longer works at school.

### Science

In science we will be learning about plants and animals, including humans. At home, please encourage children to explore the world around them, looking out for the different plants and trees we have in our local area. Have they noticed any changes to the wildlife around them?

### Reading

In Fern Class, children are expected to read at home at least 3 times a week, for 10 minutes each session and are listened to reading daily in school.

For every ten reads with an adult the children will get a reading sticker for their bookmark and for every 40 reads they will receive a certificate. So, please make sure you leave a small comment in their reading records every time you listen to your child read so they can fill up their bookmark.

In class we will be doing daily guided reading sessions, exploring a book and developing our reading skills such as information retrieval, inference and prediction. To develop these skills at home please ask your children questions about what they have and are reading and how they think the characters in their book may feel.

### Maths

Wherever possible encourage your child to use mathematics independently to solve problems such as in cooking, measuring, shopping ect. Check their answers make sense by asking them to explain how they reached their answers. In school we will be playing lots of maths games to consolidate our learning so I would encourage you to use websites such as top marks and Timetables Rockstars to develop children's place value and times table knowledge. Practising regularly will improve your child's confidence as well as giving them a good grounding for further maths learning.

### Topic and Art

Encourage questions your child may ask about the world around us and if you are unsure of the answer, if possible, find out together! Across the summer term we will be learning about healthy eating and having a nutritional balanced diet. We will be developing our cooking and baking skills so please encourage your children be involved in preparing your meals.

### PE

#### Year 2

On **Tuesday mornings** children will be doing dance with Miss Squire choreographing dances inspired by our science and history learning.

On **Wednesday afternoons** children will have PE with Mr Pugh developing their cricket skills.

#### Year 3

On **Monday afternoons** children will be going swimming at Ruby Oaks, so will need to bring in a swimming costume, goggles and a towel.

On **Wednesday afternoons** children will have PE with Mr Pugh developing their cricket skills.

#### PE kits must be:

**A white or red t-shirt/polo shirt**

**Blue or black short/joggers**

**Suitable trainers or plimsolles**
